

# Exhibition registration

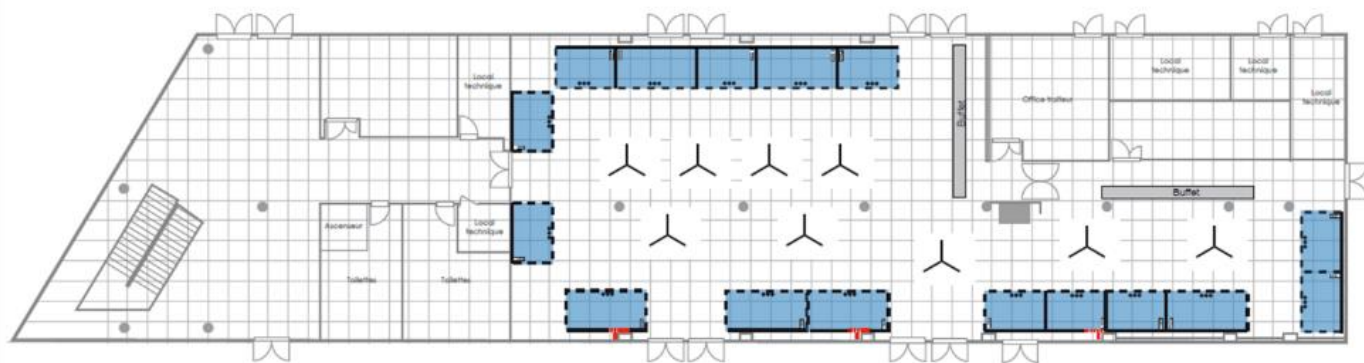

The Grenoble community of crystallographers is very happy to invite you to Grenoble from **Tuesday, June 29<sup>th</sup>**, to **Friday, July 2<sup>nd</sup>**, 2021 for the biennial congress of the "[Association Française de Cristallographie](https://afc2021.afc.asso.fr/)" (AFC).

**AFC 2021** will comprise 16 sessions conceived around thematic groups -biology, chemistry and physics- as well as transverse axes - crystalline growth, teaching and mediation, large instruments- from AFC but also from Earth Sciences and all the interfaces between these disciplines. Three plenary lectures, workshops, poster sessions, meetings with the participants, a general public conference and a gala dinner on the heights of the Bastille fort are also planned. This congress will be the occasion to award the first "André Guinier" prize as well as thesis prizes and to hold the general assembly of the AFC.

Come and present your products as well as your latest innovations during this highlight of the community of crystallographers. Grenoble is an exceptional site in France for its density of researchers and engineers and for its large experimental facilities (ILL and ESRF especially). The proposed exhibition spaces will be ideally located in the "Palladium" hall of the Minatec House (see the layout plan below), where all the coffee breaks, the welcome cocktail and the poster sessions will be organized. In addition, this air-conditioned space will be a passageway to the other parallel session room "Titanium 2". Finally, **two parallel sessions will be implemented twice to allow for the exhibitors to introduce their company and their products and services catalogues to the AFC 2021 attendees.**

Looking forward to meeting you in Grenoble,

Claire Colin & Matias Velazquez, Chairmen of AFC 2021

Those interested in the exhibition are invited to fill in the registration form available at the end of this document or to contact the organization via email at [Matias.Velazquez@simap.grenoble-inp.fr](mailto:Matias.Velazquez@simap.grenoble-inp.fr) to obtain more information on the course of the exhibition.
